

P83 MK2 Outdoor Patio Speaker

Designed for both residential and commercial installations, the OSD Black P83-MK2 is the latest-generation outdoor multipurpose speaker from OSD, leaders in the outdoor speaker market. The IP66-rated construction ensures that no water, bugs, or dust can enter the speaker. The 8-inch bass/mid driver guarantees deep bass in open-air environments. The sturdy ABS enclosure and aluminum mesh grill are paintable, allowing the speakers to be custom painted to blend in with any landscaping. The included, full-motion brackets are designed to allow the speakers to be pointed in any direction with full tilt and swivel capabilities. This ensures that the sound is directed to where it is needed and not lost or wasted.
