

## PENDANT SPEAKER

### MODEL: PC640

### Features

- 8Ω / 70 volt selectable.
- High-efficiency speaker deliver superior performance.
- 140° wide-dispersion coaxial driver for broad even coverage.
- Extremely good off-axis response.
- Specially designed to provide full spectrum sound in open space environments.
- High power handling capability for foreground sound.
- Easy to use cable suspension system includes 10" reinforced cable.
- Easy installation for high-ceiling applications.
- Low-resonance cabinet structure.
- Ideally suited for application as announcements at airports, shopping malls and restaurants.
- Input impedance easily switchable.
- Available in White or Black.

### TECHNICAL CHARACTERISTICS

Speaker Diameter:	6.25" + 1" Tweeter
Rated Power:	80W
Impedance:	8 Ω
70V Line Power:	20 - 10 - 5 - 2.5 W
Frequency Response:	120Hz - 20KHz
Sensitivity:	92dB
Dispersion Angle:	140°
Warranty:	10 Years
